THE MAKING OF HAWKINS PRESSURE COOKERS

Hawkins Cookers Limited has been in business since 1959. Today, it has 2 offices, 3 factories and about 600 persons working. It has exported its products since 1974 to various countries in each of the 6 continents of the world.

Hawkins has sold over 110 million pressure cookers and cookware worldwide. All Hawkins pressure cookers are listed by Underwriters Laboratories, USA.

The Hawkins Company is well known for not compromising on quality and for continual product innovation. The most thorough research and development, the most careful selection of materials, the best manufacturing practices and the strictest quality control – all go into

making pressure cookers which are trusted by millions of consumers.

Every cooker is tested to be leak-proof. Along with the superior pressure regulating system, this ensures that Hawkins cooks quickest. Millions of Hawkins users will tell you that, properly used, a Hawkins gasket will last for years. You do not have to trouble yourself with frequent repairs or replacement of parts. Most important, you are perfectly safe with a Hawkins.

In the time that it has taken you to read the Hawkins story, 10 consumers like you have each bought a Hawkins pressure cooker somewhere or the other in the world!

HAWKINS, FUTURA, MISS MARY, AND ALL THEIR VARIANTS ARE THE REGISTERED TRADEMARKS OF HAWKINS COOKERS LIMITED IN INDIA AND VARIOUS OTHER COUNTRIES THROUGHOUT THE WORLD. © 2022 AND ALL RIGHTS RESERVED BY HAWKINS COOKERS LIMITED. ALL PRODUCT SPECIFICATIONS AND PRICES ARE CORRECT AS ON JUNE 1, 2022 AND ARE SUBJECT TO CHANGE WITHOUT NOTICE. CORPORATE IDENTITY NUMBER: L28997MH1959PLC011304.

THE WIDEST RANGE OF COOKWARE FOR ALL YOUR COOKING NEEDS

The designers of Hawkins and Futura Cookware have spared no effort to provide you with the best possible cooking experience.

Our Cookware is presented in six types: Futura Hard Anodised, Futura Nonstick, Futura Cast Iron, Hawkins Tri-Ply Stainless Steel, Hawkins Sandwich Bottom Stainless Steel and Hawkins Pressure Die-Cast Aluminium Cookware.

Each pot or pan is made from heavy gauge, commercially pure material for even heat dispersion and steady heat retention.

The cooking surface of the stainless steel pans is made of food-grade stainless steel. Futura Cast Iron is made of iron. The other pans are given a technologically advanced surface coating, to give you a superb cooking surface.

Sturdy, comfortable, stay-cool handles form part of all our Cookware using the finest materials in rosewood, plastic or stainless steel (except for a

few cookware such as the Cast Iron Tava and Metro Patilas). The handles stay fixed permanently. Where required, the cookware comes with custom-designed lids of stainless steel, glass or hard anodised aluminium, either included in the product or as an option at extra cost.

Each Cookware item is tried out thoroughly in the Hawkins Test Kitchen before the specifications are approved and manufactured under strict quality control. Each piece is individually packed in a strong, attractive carton designed for protection in transit and sales appeal. An Instruction Manual with tested recipes comes free in each carton (except for a few cookware such as the Tadka Pans, Ezee-Pour Saucepans and TPans).

Futura Cookware and Hawkins Cookware are designed, quality controlled and manufactured or marketed by Hawkins Cookers Limited.

Please see the details of models, sizes and prices of these different types of cookware in the pages that follow.

FUTURA CAST IRON

Cast iron is made from iron heated to over 1200 degrees centigrade, with many wonderful properties for cooking:

- Retains heat well, easy to cook in. Certain foods will brown better, cook faster and crispier, and cook more evenly inside and out
- No coating – Naturally nonstick, healthy, tasty, crispy food
- Rough and tough – Can use high heat, metal ladles
- Pre-seasoned with vegetable oil – Will not rust with regular care
- The more you use it, the better it gets! The cast iron pan gets seasoned with more use, becoming smoother and tougher
- Versatile – It may be used on gas cooktops, in the oven, on a grill or a chulha. Do not use on induction unless specifically recommended by the manufacturer of the induction cooktop

TAVA

- Thicker, tougher and stronger than ordinary cast iron cookware. Properly used, it will last for generations
- Unique shape with a flat base and gently curved sides – oil does not pool in the centre, nor spill over the sides
- Two sturdy handles for better balance and greater safety. Hang to store – takes up less space
- Perfect for *roti*, *paratha*, *uttapam* and pancakes; also for *tikki*, cutlets, rolls, fish-fry, fried eggs and kebabs

PRODUCT: DIAMETER (cm) & THICKNESS (mm)	PRODUCT CODE	MRP (₹)	CASE PACK

FUTURA DEEP-FRY PANS

FUTURA HARD ANODISED DEEP-FRY PANS

DEEP-FRY PANS (FLAT BOTTOM)

- 3.25 mm / 4.06 mm extra-thick hard anodised base and walls heat fast and evenly
- Flat bottom allows for greater stability on gas, use on electric or halogen cooktops (and induction for some models). Cook and serve in the same pan
- Strong, stay-cool, riveted, natural rosewood handles are firmly fixed, comfortable and safe for handling heavy, hot loads of oil and food

- Extra-thick 3.25 mm metal body heats food evenly from base and curved sides. The thick metal better protects the German PFOA free nonstick
- Strong, riveted, stay-cool, rosewood or plastic handles
- Perfect for sautéing and stir-frying foods using minimal quantities of oil; also, for deep-frying and for cooking gravies, curries and sauces

KADHAI DEEP-FRY PANS (ROUND BOTTOM)

- Round bottom allows cooking with minimal amount of oil
- Extra-thick 3.25 mm metal body heats the food in the pan evenly from base and curved sides, and better safeguards the nonstick
- The Breakfast Pan/Appachatty is perfect for Appam, or for quick breakfast bites like Poha, Akuri and Upma

FUTURA FRYING PANS

HARD ANODISED FRYING PANS

- 4.06 mm extra-thick hard anodised metal helps you cook without worries of burning food, and with minimal heat control
- Pans conduct heat quickly and evenly, so high heat is rarely necessary
- Strong, stay-cool, riveted handles are firmly fixed, will not loosen
- The SS handle 30 cm pan goes in the oven or under a broiler

FUTURA BRUSH

- The main brush is designed to clean between the handle and lid, and the lid curl of the pressure cooker lid. It is also useful in tackling tough stains
- The shorter brush is useful when cleaning around the steam vent and other hard-to-reach bits

PRODUCT CODE	DESCRIPTION	PRODUCT MRP (₹)
BRUSH	Cleaning Brush	40

HAWKINS GRID

- Use to steam food above the water, or when steaming in containers in a pressure cooker
- Use as a coaster/pad for the hot cooker/pot

PRODUCT CODE	DESCRIPTION	PRODUCT MRP (₹)
GRID 11AL	11cm PC Grid	80
GRID 17AL	17cm PC Grid	95

SPATULA

- Specially designed curved shape adapts well to the curved sides of most pots and pans
- Made from natural wood, most hygienic for contact cooking
